KEBBA

KOTLER EXECUTIVE BACHELOR OF BUSINESS ADMINISTRATION

Welcome to the Kotler Business School. We equip you with the business acumen needed to excel in a rapidly evolving, technology-driven world. Companies and their leaders need to understand what drives their post pandemic customers. The school's objective is to provide you with the latest knowledge on core business and management topics. The school will review the major global trends in business and management, the future of marketing, and creative, sustainable leadership for a better world.

This school uses five commandments: inception, immersion, innovation, inspiration, and involvement. This school will add greatly to your knowledge and skills. You will benefit from the courses and discussions

**Philip Kotler
Honorary Chairperson**

Introducing our KEBBA

The **Kotler Executive Bachelor of Business Administration (KEBBA)** program is designed for professionals seeking to deepen their understanding of core business concepts, theories, and real-world applications. The program focuses on and their application to real-world problems with tangible interaction and learning.

Through this approach, students learn to connect business concepts to the larger global society, with preparation for a clear career path within the field of business. They are provided a solid preparation to continue to graduate studies in business administration or related fields. The **KEBBA is a streamlined 24-month program** designed to fast-track your return to the workforce with enhanced skills.

Global Virtual Campuses

Through partnerships with leading institutions, Kotler Impact offers a dedicated network of global virtual campuses, each a center of business excellence

KBS campuses are strategically located in the Americas, Europe, the Middle East, Africa and Asia. KBS global network for doctoral, masters and bachelor programs are the world's largest and most immersive network, providing unparalleled access to a wide spectrum of educational and career prospects for future leaders
